## Message From The Managing Director

*"Education is the most powerful tool which you can use to change the world."- Nelson Mandela* 

It gives me an immense sense of happiness and honor to announce that Vedant International School is all set to commence its new session with enthusiasm and commitment to impart highest quality education to our students.

I strongly believe that today's generation has an unquenchable thirst to seek knowledge that cannot be satiated by traditional methods of teaching. Vedant International School with global standard infrastructure and an array of opportunities to tap on individual talent is all set to edify the young learners keeping in view a synchronous growth of their body, mind and soul. The function of education is to teach one to think intensively and to think critically.

Intelligence plus character - that is the goal of true education. It transcends beyond mere information and transmits knowledge and wisdom in the soul.

Mr. Bharatbhai Savani

## Message From The Managing Trustee

As an educator myself, I envision Vedant international school which instills greater compassion and sensitivity among the students. We aspire to teach the divine values of humility, magnanimity, nobility, kindness and civility to students. At Vedant, we aim to nurture and develop the potential of each of our students and to prepare them to become dynamic, caring and productive members of a democratic and interdependent society.
